

DAC Meeting-- 9/23/15

Attendance: Brady Stagner, Brenda Cooper, Bev Selin, Rick Jensen, Emily Windhorst, Roxi Vigil, Bonnie White

Need to reorganize DAC:

What are terms? We need to reorganize. We need to incorporate more people from the elementary side of the school... Brady would like to keep the parent involvement within the district. There are a few parents who would be great from outside of the district, but we need more involvement from within.

Bonnie is having a meeting with Lindamood Bell groups this evening... Most of the parents who will be involved in the meeting will be elementary parents so there can be some recruitment opportunities this evening.

Bonnie also mentioned the need for a student rep for the DAC. Roxi will find two student reps from the sophomore and junior classes.

Brady would also like a junior high parent to participate on the DAC. Brenda mentioned that Shannon Mortensen would be a good member because of her community involvement. Brady will contact her. After we have recruited new members, we will discuss reorganization.

Brady has asked that all members read through a graduation guidelines toolkit in the hopes that we can meet again in the next two weeks to discuss how to revamp our graduation requirements to include the capstone project. From the state, in order to graduate, there are significant changes to the graduation requires. The question then arises whether or not students who don't meet the minimum requirements receive a diploma. This also impacts funding from the state.

Our next meeting will be next week, Sept. 30th at 7am.
